Disclaimer

The information in this Presentation does not purport to be complete or comprehensive, and does not purport to summarise all information that an investor should consider when making an investment decision. It should be read in conjunction with VDM's other periodic and continuous disclosure announcements lodged with ASX Limited, which are available at www.asx.com.au.

This Presentation does not constitute financial advice or a recommendation to acquire VDM shares and has been prepared without taking into account the objectives, financial situation or needs of individuals. Before making an investment decision prospective investors should consider the appropriateness of the information having regard to their own objectives, financial situation and needs and seek such legal, financial and/or taxation advice as they deem necessary or appropriate to their jurisdiction. VDM does not have a licence to provide financial product advice in respect of VDM shares. Cooling off rights do not apply to the acquisition of VDM shares.

This Presentation is not an offer or an invitation to acquire VDM shares or any other financial products and is not a prospectus, product disclosure statement or other offering document under Australian law or any other law. It is for information purposes only.

Certain statements contained in this presentation, including information as to the future financial or operating performance of VDM and its projects, are forward-looking statements. Such forward-looking statements:

- are necessarily based upon a number of estimates and assumptions that, while considered reasonable by VDM,
- are inherently subject to significant business, economic, competitive, political and social uncertainties and contingencies;
- involve known and unknown risks and uncertainties that could cause actual events or results to differ materially from estimated or anticipated events or results reflected in such forward-looking statements; and
- may include, among other things, statements regarding targets, estimates and assumptions in respect of metal production and prices, operating costs and results, capital expenditures, mineral reserves and mineral resources and anticipated grades and recovery rates, and are or may be based on assumptions and estimates related to future economic, market, political, social and other conditions.

The words “believe”, “expect”, “anticipate”, “contemplate”, “target”, “plan”, “intends”, “continue”, “budget”, “estimate”, “may”, “will”, “schedule” and similar expressions identify forward-looking statements.

VDM disclaims any intent or obligation to update publicly any forward-looking statements, whether as a result of new information, future events or results or otherwise.

All forward-looking statements made in this presentation are qualified by the foregoing cautionary statements. Investors are cautioned that forward-looking statements are not guarantees of future performance and accordingly investors are cautioned not to put undue reliance on forward-looking statements due to the inherent uncertainty therein.
